

Grounds For Suspension / Revoking a Permit

1. Employees working who have a contagious disease.
2. Employees working without a valid health certificate.
3. Unapproved or inadequate water supply / plumbing.
4. Denying access to inspections.
5. Receiving a demerit score of more than 40 points.
6. Repeating a violation assigned 2, 4, or 6 demerit points.

Grading

Grade A: 0-10 demerits

Grade B: 11-20 demerits

Grade C: 21-40 demerits

Grade D: More than 40 demerits; this results in a CLOSURE

If a second consecutive violation of the same item (repeat violation) is discovered, the establishment can be downgraded to the next lower grade.
